Community Relations

School Visitors

The Board of Education encourages visits by citizens, taxpayers, and parents to all school buildings. In order to promote a safe and productive educational environment for all students and staff, the Board of Education requires all visitors to receive prior approval from the school Principal or his/her designee before being permitted to visit any school building. The Board of Education, through the administration, reserves the right to limit visits in accordance with administrative regulations. Upon arrival, all visitors must report directly to and sign in and out at the visitors' reception area of the school office.

Policy adopted: 2/12/98
