

EASTFORD SCHOOL DISTRICT
Eastford, Connecticut

Position Description:	Interventionist An interventionist provides Tier 2 and/or Tier 3 interventions in Math and/or Reading.
Desired Qualifications:	Bachelor's Degree Teaching certification desired but not required Organizational Skills
Reports to:	School Principal SAT/RTI Facilitator
General Description:	The Interventionist follows through on student intervention plans designed by math and reading teachers

Performance Responsibilities:

1. Provides direct services to students when interventions are needed as determined by math and language arts teachers in collaboration with the Student Assistance / Response to Intervention Team. In some cases, the interventionist will administer individual probes or assessments.
2. Communicates regularly with language arts and/or math teachers to review progress monitoring results and the progress of interventions.
3. Communicates regularly with the SAT/RTI Facilitator to discuss the scientific research-based programs that are being used and systems for data collection.
4. Manages equipment necessary for providing interventions and inputs data into electronic systems.
5. Promotes the tenets of data-driven decision-making and the state-mandated SRBI RTI system.
6. Performs any pertinent duties as assigned by the principal.
