

Transportation Committee  
September 9, 2021  
Minutes

1. The meeting was convened at 6:31 PM.  
Present: S. Bowen (Chair), A. Minor, D. Leake (Superintendent)
2. The Committee reviewed the suggested revisions to Policy 5131.1, Transportation. Dr. Leake recommended that the committee review and retain the sections printed in blue (new language). Dr. Leake recommended the committee review the red-lined sections (Eastford specific language) to determine what they wish to retain. S. Bowen recommended that the opinion, referenced in section III.4, remain as 'Board or BOE Chair or Transportation Committee' since Board members are more likely to know the street issues better than the Superintendent. The committee members will do a final review of changes prior to the second reading scheduled for October 14.
3. The meeting was adjourned at 6:50 PM.
