### Parent Instruction of Children at Home

#### Initial Year Letter (IDEA Student Home Instruction Version)

Dear \_\_\_\_\_:

I wish to inform you of your rights concerning the education of your child, \_\_\_\_\_. As you know, you have the right to enroll your child in the Eastford Public Schools, and if your child is enrolled in the Eastford Public Schools, he/she has the right to a free, appropriate public education. I enclose a copy of a statement of rights that students and parents have regarding special education services.

The planning and placement team has identified \_\_\_\_\_ as a child in need of special education services, and it has developed a proposed individualized education program to offer \_\_\_\_\_ an appropriate program in the Eastford Public Schools. You declined that program and have elected to have your child receive home instruction as an alternative. You may, of course, exercise that right. Having exercised that right, you are responsible for assuring that your child receives equivalent and appropriate instruction. Should you wish to look to the Eastford Public Schools for educational services, please contact me and we will promptly convene a planning and placement team meeting to review, revise (if necessary), and implement the program previously offered to you.

Please let me know if you would like to discuss any of these matters. Thank you.

Sincerely,

[Name of Pupil Services Director]

### Initial Year Letter (504 Student Home Instruction Version)

Dear \_\_\_\_\_:

I wish to inform you of your rights concerning the education of your child, \_\_\_\_\_. As you know, you have the right to enroll your child in the Eastford Public Schools, and if your child is enrolled in the Eastford Public Schools, he/she has a right to a free, appropriate, public education. I enclose a copy of the district's Notice of Parent/Student Rights under Section 504 of the Rehabilitation Act of 1973 for your reference.

A Section 504 team has identified \_\_\_\_\_ as a child with a qualifying disability, and it has developed a proposed Section 504 accommodations plan to offer access to the programs and services of the Eastford Public Schools. You have chosen instead to provide home instruction for your child. You may, of course, exercise that right. Having exercised that right, you are responsible for assuring that your child receives equivalent and appropriate instruction. Should you wish to look to the Eastford Public Schools for educational services, please contact me and we will promptly convene a Section 504 meeting to review, revise (if necessary), and implement the plan previously developed for your child.

Please let me know if you would like to discuss any of these matters. Thank you.

Dear \_\_\_\_\_:

I wish to inform you of your rights concerning the education of your child, \_\_\_\_\_. In the past, the planning and placement team has previously met and developed a proposed individualized education program to offer an appropriate educational program for \_\_\_\_\_. You declined that program and elected instead to have your child receive home instruction. Having exercised the right to provide home instruction, you are responsible for assuring that your child receives equivalent instruction. For the \_\_\_\_\_ school year, we are again prepared to offer \_\_\_\_\_ a free, appropriate public education, should you wish to receive that program from the Eastford Public Schools. If you intend to re-enroll your child in the Eastford Public Schools, please let me know and we will convene a planning and placement team meeting (PPT) to update the information we have on \_\_\_\_\_ and develop an appropriate educational plan for next year. Before the meeting, however, we will need current information concerning his/her achievement, and we will ask that you provide that information so that the team has current information from which to plan an appropriate program.

Please let me know if you would like to discuss any of these matters. Thank you.
